*"Quality is at the root of all we do"*

Dear Ms. Shafer,

We would like to express our appreciation for the support we received from the Workforce Investment Board programs that reimbursed us salaries of many of our eligible employees. Those reimbursed dollars allowed us to expand our workforce and secure more contracts throughout Kanawha County. We were also able to train more individuals in the construction fields to build their skills and their employability with our company and others.

Without the help we obtained from Workforce Investment Board we would not have had the ability to hire, and train as many individuals to be a part of a growing industry that will allow them to support their families and contribute to the economic vitality of West Virginia.

Once again, thank you and the staff of the Workforce Investment Board for your ongoing support.

Sincerely,

Fred Tyson and Gregg Ferguson
